

Student Skill Portfolio Website

Project Development Report

Preparedby: Ambar Masurkar

Roll No: MCA2504113

Role:Profile SectionDeveloper

Team Roles

Member	Role	Branch	Responsibilities
Lokesh	Homepage Developer	home-page	Homepage, navigation, introduction
Ambar	Profile Section Developer	profile-section	Profile cards, skills, GitHub links
Pratiksha	Projects Section Developer	projects-section	Projects section and project cards
Manas	GitHub Manager & Contact Section Developer	contact-section	Repository, collaborators, branches, PR review, merges, deployment, contact form

Project Objectives

The main objectives of this project were:

- Develop a responsive student portfolio website.
- Learn collaborative software development.
- Gain practical experience with Git and GitHub.
- Implement feature branching and version control.
- Practice Pull Requests and code reviews.
- Improve teamwork and communication.
- Deploy the final project using GitHub Pages.

Project Overview

The website consists of four major sections:

- Homepage
- Student Profiles
- Projects
- Contact

Each section was developed independently by a team member using a separate Git branch. After development, the GitHub Manager reviewed and merged all contributions into the main branch.

Technologies Used

Frontend

- HTML5
- CSS3
- JavaScript

Version Control

- Git
- GitHub

Deployment

- GitHub Pages

Git & GitHub Workflow

The project followed an industry-standard Git workflow.

Step 1

Create Repository

Step 2

Clone Repository

```
git clone https://github.com/Manas-Deshpande/4BytesProj.git
```

Step 3

Create Feature Branch

Example

```
git checkout -b home-page
```

```
git checkout -b profile-section
```

```
git checkout -b projects-section
```

```
git checkout -b contact-section
```

Step 4

Develop Feature

Each student completed their assigned module independently.

Step 5

Commit Changes

```
git add .
```

```
git commit -m "Completed Homepage"
```

Step 6

Push Branch

```
git push origin home-page
```

Step 7

Create Pull Request

Each member created a Pull Request on GitHub.

Step 8

Review Pull Request

The GitHub Manager reviewed all submitted Pull Requests.

Step 9

Merge Pull Request

Approved Pull Requests were merged into the **main** branch.

Step 10

Deploy

The final website was deployed using GitHub Pages.

Branching Strategy

└── projects-section
|
└── contact-section

Team Roles and Responsibilities

Student 1 – Lokesh (Homepage Developer)

Branch: home-page

Responsibilities:

- Designed the homepage.
 - Created the navigation bar.
 - Added website title.
 - Added introduction section.
 - Submitted Pull Request.
-

Student 2 – Ambar (Profile Section Developer)

Branch: profile-section

Responsibilities:

- Created profile cards.
 - Added student names.
 - Added skills.
 - Added GitHub profile links.
 - Submitted Pull Request.
-

Student 3 – Pratiksha (Projects Section Developer)

Branch: projects-section

Responsibilities:

- Developed Projects section.
- Added three project cards.
- Added project descriptions.
- Mentioned technologies used.
- Submitted Pull Request.

Student 4 – Manas (GitHub Manager & Contact Section Developer)

Branch: `contact-section`

Responsibilities:

GitHub Management

- Created GitHub repository.
- Added collaborators.
- Managed branches.
- Reviewed Pull Requests.
- Merged all approved Pull Requests.
- Maintained repository.

Website Development

- Built Contact section.
- Added Email field.
- Added Message field.
- Added Submit button.

Deployment

- Published website using GitHub Pages.
- Verified live deployment.

Conclusion

The Student Skill Portfolio Website project successfully demonstrated collaborative software development using Git and GitHub. By dividing the project into separate modules and following a structured branching strategy, the team was able to work efficiently and integrate all features through Pull Requests. The project strengthened our understanding of version control, collaborative development, responsive web design, and deployment using GitHub Pages. Overall, it provided valuable practical experience that reflects real-world software development practices.

Screenshots

Homepage:

Projects Section:

Contact Section:

The screenshot shows a web browser window with the URL `https://manas-deshpande.github.io/4BytesProj/`. The page has a dark blue header with the text "Skill Portfolio Hub" and navigation links: "Home", "Profile", "Projects", and "Contact". The main content area is a dark blue rectangle with the heading "Get In Touch" and the subtext "Have any questions? We'd love to hear from you." Below this is a contact form with three white input fields: "Your Name", "Your Email", and "Your Message". A bright blue "Send Message" button is at the bottom of the form. The browser's taskbar at the bottom shows various icons and the system clock indicating 06:37 PM on 31-07-2026.

GitHub Repository:

The screenshot displays the GitHub repository page for "4BytesProj" by user "Manas-Deshpande". The repository is public and has 5 branches and 0 tags. A commit by "Pratikshakadam2004" is highlighted, titled "Move contact section to bottom and fix CSS", with 14 commits. The commit history table lists files: README.md, index.html, script.js, and style.css, with their respective commit messages and dates. The README section shows the repository name "4BytesProj". The right sidebar contains sections for "About", "Releases", "Deployments", and "Packages". The "About" section notes that no description, website, or topics are provided. The "Releases" section states that no releases have been published. The "Deployments" section shows a deployment to "github-pages" 3 weeks ago. The "Packages" section indicates that no packages have been published. The browser's taskbar at the bottom shows various icons and the system clock indicating 06:39 PM on 31-07-2026.

GitHub Pages Deployment:

The screenshot shows the GitHub web interface for the repository 'Manas-Deshpande / 4BytesProj'. The 'Deployments' tab is selected in the left sidebar. The main content area is titled 'github-pages deployments'. Under 'Latest deployments', there is a card for 'github-pages' with a green status icon, indicating it was 'Last deployed 3 weeks ago' to the URL 'https://manas-deshpande.github.io/4BytesProj/'. Below this, a 'Filter' section shows '1 deployments'. The deployment list contains one entry: 'Move contact section to bottom and fix CSS', which is 'Active' and was 'Deployed to github-pages by Manas-Deshpande via pages-build-deployment #1' '3 weeks ago'. The deployment is associated with the 'main' branch. The bottom of the image shows a Windows taskbar with various application icons and a system tray indicating a rain warning and the date '31-07-2026'.
